

Ministry in Spotlight

Looking for something fun, inexpensive, and yet meaningful to do with your young people ? Try Flower Power. Here's how it works: You purchase artificial flowers, coffee mugs, and floral foam at your local dollar store. With adult guidance, and the children's creativity you'll be amazed at what you can come up with. After the arrangements are made they are given to the pastor or visitation team to distribute to the sick and shut in in your congregation. To see the joy in an older saints face as they are presented with a floral arrangement from the children of the church is priceless. If you would like to know more about this great ministry contact Kay Shaver at JesusSheep@earthlink.net
