

Ministry in Spotlight

The Free Will Baptist Family

Helen Keller once said "Alone we can do so little; Together we can do so much !" That statement is true in many venues, but perhaps no where is it more applicable than in our Free Will Baptist Family. The family is made up of individual believers coming together to worship in our churches; Our churches coming together and forming district associations; the district associations forming State associations; the States forming the National; and our National Association taking her place in an International Family of Free Will Baptists ! As I began to think of the glorious opportunities, and the tremendous potential that we have to impact our world for Jesus' sake, O my ! I trust that the Spirit of God is moving as you read this, as much as He was as it was written; and just think, this weekend is our Quarterly Conference ! See you at Bethany.
